PERSONAL STATEMENT

The computerization and technology is my life, since my childhood I had dreamed of completing masters degree and PhD degree in computer science because I love computer science and study . I have got a master's degree from the University of South Wales in **30\12\2017** that helped me to work as a lecture in Computing field in the College of Information Technology at the University of Al Asmarya Islamic, and now the Ministry of Higher Education has given me the opportunity to expand my PhD scholarship in computer science.

I have always enjoyed keeping up with the latest developments in technology, and I have been surprised by the speed of computer developments over the past few years and I hope, by joining the PhD program, that I achieve professional goals and academic goals.
